1.1 Purpose

The purpose of the Personnel Policies is to provide systematic and equitable procedures and regulations to guide and inform employees on all general matters relating to their employment with Hood River County Library District (the "District"). Said rules and regulations are provided to maintain uniformity and equity in personnel matters in an effort to make library service attractive as a career and to encourage each employee to give his/her best service to the District. These policies shall not preclude the establishment of rules and regulations specific to various areas of service and responsibility so long as they are not in conflict with the policies set out herein.

1.2 Variances

The Board of Directors shall have the power to vary or modify the strict application of the provisions of these policies in any case in which it determines that the said strict application would result in practical difficulties or unnecessary hardships or are at odds with the intent of said policies.

In order to retain necessary flexibility in the administration of policies and procedures, the District reserves the right to change, revise, or eliminate any of the policies and/or benefits described in this handbook with or without notice, except for its policy of employment-at-will. The only recognized deviations from the stated policies are those authorized and signed by the Board of Directors.

These Personnel Policies apply to all employees. In the event of a conflict between these policies and State or Federal law, the ordinance or law will apply. In all other cases, these policies will apply.

Any resolution adopted by the Board of Directors which bears on these policies shall be considered to supersede the policies adopted herein.

None of these provisions shall be deemed to create a vested contractual right in any employee to limit the power of the Board of Directors to repeal or modify these policies. These provisions shall not limit the general at-will status of District employees.

2 Prevention of Workplace Discrimination, Harassment, and Retaliation

2.1 Equal Employment Opportunity

It is the policy of the District to treat applicants and employees equally without regard to sex, gender, gender identity, sexual orientation, genetic information, race, color, religion, veteran status, national origin, ancestry, age, marital status, family relationship, political affiliation, or physical or mental disability or which, with reasonable accommodation, does not prevent the employee from adequately performing the essential functions of the position, or any other basis prohibited by local, State or Federal law, except where bona fide occupational qualifications exist.

Any alleged act or complaint of discrimination on the part of any District employee should be reported to the Library Director for appropriate investigation and action. If the complaint is against the Library Director, the alleged act should be reported to any member of the Board of Directors.

2.2 Disability Accommodation

The District is committed to complying fully with the Americans with Disabilities Act (ADA) and ensuring equal opportunity in employment for qualified persons with disabilities. The District will make reasonable accommodations for qualified individuals with known disabilities unless doing so would result in an undue hardship. It is understood that this policy does not require the District to hire employees to accomplish work which they are not physically or mentally capable of accomplishing in a reasonable manner.

2.3 Generally

The District is committed to a work environment in which all individuals are treated with respect and dignity. Each individual has the right to work in a professional atmosphere that promotes equal employment opportunities and prohibits unlawful discriminatory practices, including harassment. Therefore, the District expects that all relationships among persons will be respectful and professional, free of bias, prejudice and harassment in the workplace, work related event, and any activity coordinated by the organization. The policy applies to all employees, elected officials, board, volunteers, interns and any other person we interact with in the course of accomplishing the work of the organization.

It is the intent of the District to provide a work environment free from unlawful harassment, discrimination, and retaliation.

Harassment on the basis of any other protected characteristic is also strictly prohibited. Under this policy, harassment is verbal, written or physical conduct that denigrates or shows hostility

or aversion toward an individual because of his or her race, color, religion, sex, sexual orientation, gender identity or expression, national origin, age, disability, marital status, citizenship, genetic information, or any other characteristic protected by law, or that of his or her relatives, friends or associates, and that: a) has the purpose or effect of creating an intimidating, hostile or offensive work environment, b) has the purpose or effect of unreasonably interfering with an individual's work performance, or c) otherwise adversely affects an individual's employment opportunities.

Harassing conduct includes labels, insults or negative stereotyping; threatening, intimidating or hostile acts; demeaning jokes; and written or graphic material that belittles or shows hostility or dislike toward an individual or group that is placed on walls or elsewhere on the employer's premises or circulated in the workplace, on company time or using company equipment by e-mail, phone (including voice messages), text messages, social networking sites or other means.

Harassment in the workplace, which includes District premises or any mode of transportation while on paid District business to outreach locations or meetings, is prohibited.

2.4 Racial

Racial harassment includes but is not limited to: epithets, forms of address based on race, racial jokes and undesirable work assignments due to race or color.

2.5 Sexual

Sexual harassment constitutes discrimination and is illegal under federal and state laws. For the purposes of this policy, "sexual harassment" is defined, as in the Equal Employment Opportunity Commission Guidelines, as unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature when, for example: a) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, b) submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual, or c) such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment.

Title VII of the Civil Rights Act of 1964 recognizes two types of sexual harassment: a) quid pro quo and b) hostile work environment. Sexual harassment may include a range of subtle and not-so-subtle behaviors and may involve individuals of the same or different gender. Depending on the circumstances, these behaviors may include unwanted sexual advances or requests for sexual favors; sexual jokes and innuendo; verbal abuse of a sexual nature; commentary about an individual's body, sexual prowess or sexual deficiencies; leering, whistling or touching; insulting or obscene comments or gestures; display in the workplace of sexually suggestive objects or pictures; and other physical, verbal or visual conduct of a

sexual nature.

Oregon Law provides further protection from sexual assault defined as unwanted conduct of a sexual nature that is inflicted upon a person or compelled through the use of physical force, manipulation, threat, or intimidation.

2.6 Retaliation

We encourage reporting of all perceived incidents of discrimination or harassment. It is the policy of the District to promptly and thoroughly investigate such reports. We prohibit retaliation against any individual who reports discrimination or harassment or participates in an investigation of such reports.

2.7 Reporting an incident of harassment, discrimination or retaliation

The District encourages reporting of all perceived incidents of discrimination, harassment or retaliation, regardless of the offender's identity or position. Any employee who believes s/he is the subject of unlawful harassment should report the complaint to the Library Director for appropriate investigation and action. If the complaint is against the Library Director, the employee should report the alleged act to any member of the Board of Directors. See the complaint procedure described below.

In addition, we encourage individuals who believe they are being subjected to such conduct to promptly advise the offender that their behavior is unwelcome and to request that it stop. Often this action alone will resolve the problem. We recognize, however, that an individual may prefer to pursue the matter through complaint procedures.

Following receipt of a complaint or concern management will follow-up every three months for one year to ensure no further concerns or retaliation are experienced. Employees should not wait for the management follow-up to share related experiences. If an employee would like to discontinue the follow-up process a request must be submitted in writing to the Library Director or the Board of Directors.

2.8 Internal complaint procedure

Individuals who believe they have been the victims of conduct prohibited by this policy or believe they have witnessed such conduct should discuss their concerns with Library Director if you are unable to reach the primary contact please reach out to the Assistant Director. If the complaint is against the Library Director, the employee should report the alleged act to any member of the Board of Directors. The District encourage employees to document the

event(s), associated date(s), and potential witnesses.

The District encourages the prompt reporting of complaints or concerns so that quick and helpful action can be taken before relationships become irreparably broken. Early reporting and intervention have proven to be the most effective method of resolving actual or perceived incidents of harassment. However, complaints and concerns may be brought forward within four years of the alleged violation. We encourage employees to document the events, associated dates, and potential witnesses.

Any reported allegations of harassment, discrimination or retaliation will be investigated quickly. The investigation may include individual interviews with the parties involved and, where necessary, with individuals who may have observed the event(s) or may have other relevant knowledge.

The District will maintain confidentiality throughout the investigatory process to the extent possible with acceptable investigation and appropriate corrective action.

Misconduct constituting harassment, discrimination or retaliation will be dealt with appropriately. Responsive action may include, for example, training, referral to counseling or corrective action as the District believes appropriate under the circumstances.

False and malicious complaints of harassment, discrimination or retaliation (as opposed to complaints that, even if erroneous, are made in good faith) may be the subject of appropriate disciplinary action.

6.11.1 Gifts

No employee or volunteer shall solicit or receive any gifts with a total value of more than \$50 from any single source who could reasonably have a financial interest in the employee's or volunteer's official actions. A gift is defined as something of value for which the employee or volunteer does not pay an equal value, including entertainment. This provision only restricts gifts from sources that have an administrative or legislative interest in the employee's or volunteer's actions; unlimited gifts may be accepted from a source that does not have such a legislative or administrative interest.

6.11.2 Conflicts of Interest

Employees or volunteers with actual or potential conflicts of interest must notify their supervisor as to the nature of the conflict in writing. Conflict of interest arises if the employees or volunteers, in their official capacity, are involved in a decision that would or could affect their personal interests, the interests of their relatives as defined by Oregon law, the interests of a member of the employee's or volunteer's household, or the interests of a business with which the employee or volunteer, a relative of the employee or volunteer, or a member of the employee's or volunteer's household is associated. In such instances, the District shall make every reasonable effort to transfer decision-making responsibility to another District official.

6.12 Political Expression and Campaigning by Employees

The restrictions imposed by the laws of the state of Oregon on employees' political activities are that no public employee shall solicit any money, influence, service, or other thing of value or otherwise aid or promote any political committee or the nomination or election of any person to public office while on the job during working hours. However, nothing in this section is intended to restrict the right of a public employee to express his/her personal political views. It is therefore the policy of the District that employees may engage in political activity except to the extent prohibited by state law when on the job during working hours.

6.13 Overtime

The Library Director shall have the right to assign overtime work as required in the manner deemed to be the most advantageous and consistent with the requirements of library service and of public interest. No overtime shall be worked without pre-approval by the Library Director or designee.

Overtime shall be considered as time worked in excess of forty hours during any workweek. Any schedule in which the hours worked exceed eight in any one day but no more than forty hours in any week must be mutually acceptable to both the employee and the Library Director and do not constitute overtime.

Unless specifically exempt, employees will be paid one and one-half times the employee's regular rate of pay for each hour of overtime worked or receive time off with pay at the rate of one and one-half hours for each hour of overtime worked. Overtime shall be computed to the nearest quarter hour (15 minutes). If cash is the compensation for overtime worked, it must be provided at the end of the pay period during which the overtime was worked.

If any employee works more than forty hours in any one week by his or her own choice (i.e. not overtime assigned by the Library Director), said employee may receive compensatory time off only if prearranged with the Library Director.

A full-time employee shall not work less than forty hours in one week without loss of pay, use of vacation or sick leave, or authorized plan to make up time.

Work performed on holidays which fall within the regular work schedule shall not be considered as overtime work except that employees who work on such holidays shall be granted time off or compensation equal to the time worked in addition to their regular holiday pay.

The above overtime regulations shall not apply to executive, administrative, supervisory, or professional employees. Exempt positions are as follows: Library Director and Librarian II.

6.15 Personal Use of District Resources

District resources are intended solely to serve the District's needs. However, employees are allowed limited personal use of those resources provided the following, as determined by the employee's supervisor:

- There is no cost to the District;
- There is no interference with work responsibilities;
- There is no disruption to the workplace;
- Duration is limited;
- No unauthorized changes are made to District equipment;
- No business is conducted from which employees or associates thereof benefit financially;
- Friends and relatives are discouraged from contacting employees via District-provided communications unless in emergencies;
- All relevant local, state, and federal statutes, including Oregon government ethics laws, are followed;
- All other District policies are followed;
- Such use occurs only during an employee's personal time, such as breaks or meals.

When using District resources for personal business, employees shall abide by District policies aimed at public use of District services, including but not limited to the Code of Conduct and Technology Use Policy. Employees have no expectation of privacy if they choose to use District resources for personal business. Such use also may subject employees' personal data to public records requests. Personal communications conducted using District resources shall make clear that the employee is speaking as an individual and not a District employee.

Employees are subject to the same fees as the public when using resources for which the District normally charges (e.g. printing, copying). Pre-approval is required if using a District resource that incurs a cost and for which no provisions are in place for charging. The employee shall reimburse the District for the use.

6.16 Conducting District Business on Personal Devices

In general, District business should not be conducted on employees' personal devices. However, some job responsibilities may be facilitated by employees using their personal devices at certain times. Such use is approved only for supervisors, salaried personnel, employees who engage predominantly in offsite outreach, and employees with telework agreements, if specified in the agreements. Employees using personal devices must abide by all other District policies, including those on scheduling and overtime.

Employees authorized to use personal devices may use them to link to District technology services, including but not limited to email, online chat, remote conferencing, the integrated library system, contacts, websites, databases, and file servers. District-provided communication methods and accounts, rather than personal accounts, must be used to engage in District business. Employee devices must have updated security protection software, be secured with passwords of sufficient difficulty, automatically lock after a short period of inactivity, and have current security updates. The devices should only connect to

District technology services via a properly secured network or virtual private network (VPN) provided by the District. Any loss or theft of a personal device used to access District technology services shall be reported immediately to the Library Director or employee's supervisor.

If employees use personal devices to conduct District business, they should be aware of public records laws and that using their personal devices could open up that device to public records requests. The District retains ownership of any documents created for District purposes, whether created on a District-owned or employee's personal devices. All District documents created on personal devices should be stored or backed up on District-provided technology.

Employees whose job functions require them to use personal devices with fees shall be compensated a portion of those fees reasonable to the relative amount the devices are used for District business. That amount shall be determined annually during the budget process. However, employees are responsible for the upkeep and replacement of their personal devices.

6.17.2 Reporting Procedure

The District encourages any employee with knowledge of or concern of an illegal or dishonest fraudulent District activity to report it to the Library Director or designee. The employee may also provide the information to the Assistant Director, District Board, a state or federal regulatory agency, a law enforcement agency or an attorney licensed to practice law in Oregon if a confidential communication is made in connection with the alleged violation. Attorneys employed by the District may report violations of law to the Attorney General, subject to rules of professional conduct. All such issues will be investigated in a timely manner to determine fault and institute any appropriate corrective measures. Examples of illegal or dishonest activities are violations of federal, state, or local laws; billing for services not performed or for goods not delivered; and other fraudulent financial reporting. 6.17.4 Protections to maintain confidentiality and prevent retaliation

Whistleblower protections are provided to maintain confidentiality and to prevent retaliation. While identity may have to be disclosed to conduct a thorough investigation, to comply with the law, and to provide accused individuals their due course, the privacy of the individual making the report will be protected as much as possible. The District will not retaliate against a whistleblower. This includes, but is not limited to, protection from retaliation in the form of an adverse employment action such as termination, compensation decreases, or poor work assignments and threats of physical harm. Any whistleblower who believes he/she is being retaliated against must contact the Library Director or designee. The right of a whistle blower for protection against retaliation does not include immunity for any personal wrongdoing that is alleged and investigated.

7 Employee Status/Discipline

7.1 Trial Period

All employees are subject to a six month trial period, which begins on their initial hire date. The trial period is intended to give new employees the opportunity to demonstrate their ability, achieve satisfactory performance, and determine whether the new position meets their expectations. The District uses this period to evaluate employee capabilities, work habits, and overall performance. During the trial period, vacation leave will not be granted. Sick and vacation leave will accrue from the first day of work. Eligible employees may enroll in the health care and retirement benefits on the first day of the month that occurs after sixty days from the hire date. Completion of the trial period does not modify an employee's at-will employment status. Any significant absence will automatically extend a trial period by the length of the absence. If the employee's supervisor determines that the designated trial period does not allow sufficient time to thoroughly evaluate the employee's performance, the trial period may be extended for a specified period.

Last revised: February 16, 2016
Last reviewed: January 21, 2019

7.2 Evaluation

All employees shall be evaluated using standard personnel evaluation forms prescribed by the Library Director. All new employees shall be evaluated before the end of their trial period, and each regular or permanent non-supervisory employee shall be evaluated at least once each year near the anniversary date of their initial hiring.

Personnel evaluations communicate to employees their strengths and weaknesses in performing their assigned duties. Supervisors shall review with their individual employees the factors rated and should stress areas of commendation and areas needing improvement. Specific recommendations on ways of improving performance shall be provided. Performance evaluations shall become a part of the employee's work history and be kept in the employee's personnel file.

If disagreement exists between the employee and the supervisor's evaluation, the employee may submit a statement in writing to the Library Director stating the reasons for disagreement in as specific detail as possible. A copy of the statement will be attached to the performance rating in question as a permanent part of the employee's file.

7.3 Supervisor Evaluation

In addition to the principles and procedures noted in 8.2, supervisors' evaluations shall include a survey for the staff supervised by that individual to evaluate and comment on their supervisor's performance. The surveys shall be anonymous. They shall be distributed by the

Library Director or designee. Results of the survey shall be factored into the supervisor's overall evaluation and attached to the evaluation in the supervisor's file.

The Library Director's evaluation process shall be governed by the separate Library Director Evaluation Policy.

7.4 Disciplinary Procedures

Whenever an employee commits an offense warranting disciplinary action, the Library Director or designee may begin disciplinary action at any of the steps listed below, depending on the seriousness of the offense committed. All steps at or above a written warning require approval by the Library Director.

1. For minor offenses, the employee shall be given a verbal warning. If this does not correct the situation within a reasonable length of time, the supervisor shall then use the second step of this procedure.
2. The employee may be given a written warning. A copy will be placed in the employee's personnel file, and s/he will be given a copy.
3. If a second offense of any kind occurs within a period of one year from the date of the first written warning, the employee may be suspended from work without pay for a period of time of up to ten days. The length of suspension will depend upon the seriousness of the offense.
4. If a third offense of any kind occurs within a period of one year from the date of the first written warning, the employee may be suspended without pay pending discharge.
5. Supervisors are not required to go through the entire four steps involved in this disciplinary procedure. Discipline may begin at any step in the procedure depending upon the seriousness of the offense committed, as determined by the supervisor and Library Director. In addition, the supervisor may deviate from this procedure, impose different types of discipline, or repeat any of the first three steps of this procedure when the supervisor feels it is necessary.

Disciplinary actions resulting in discharge must follow the provisions delineated in 7.9 below.

7.6 Grievance Process

Any non-trial employee who has been suspended without pay, reduced in pay, demoted, or discharged, other than through a reduction in force as provided for in section 7.8 below, shall have the right of appeal through the Grievance Process.

1. The aggrieved employee will discuss the problem with his/her immediate supervisor within ten working week days of the occurrence of the problem or within ten working week days of the time that the employee became aware of the problem. The supervisor shall give his/her oral reply within ten working days of the presentation of the grievance, not including the date of the presentation.
2. If the grievance is not fully settled in Step 1 and the Library Director is not the aggrieved employee's direct supervisor, the aggrieved employee shall submit a written summary of the grievance to the Library Director within ten working days after the supervisor's oral reply, not including the date that the reply was given. The Library Director shall reply in writing to the grievance within ten working days of the date that the written summary was presented.
3. If the employee wishes to appeal the Library Director's decision, or if the Library Director is the aggrieved employee's direct supervisor, the aggrieved employee shall submit a written summary of the grievance, along with all pertinent documentation, to the Board of Directors at the next regularly-scheduled meeting. The Board shall solicit additional information, as it deems appropriate, and shall respond in writing within 45 days after the date of the presentation of the grievance. The decision of the Board of Directors shall be final and binding.
4. If the grievance procedures established in this section are not initiated within the time limits, the grievance shall be considered not to have existed.
5. No employee shall be disciplined or discriminated against in any way because of the employee's proper use of the grievance procedure.

7.7 Resignation

To resign in good standing, an employee shall give the Library Director two weeks written notice prior to the last day of employment. This provision may be waived in the case of extenuating circumstances. The employee does not have the right to revoke the resignation once submitted, but may do so at the discretion of the Library Director.

7.8 Reduction in force

The Library Director and Board of Directors will determine when reductions in force are necessary. The Library Director, with Board of Directors approval, will determine which employees are to be retained. The following factors shall be considered:

1. Maintenance of District's non-discrimination policy (see 2).
2. Competence and merit:
 1. Competence is the ability to meet the District's needs based on experience and training.
 2. Merit is the measurement of one employee's ability and effectiveness as compared to other employee's ability and effectiveness.
3. Time in service.

Affected employees will be given at least two weeks written notice of reduction in force. Affected employees will have the right of recall for one year from the date of release. Recall will be based on the same criteria as listed under 7.8 above.

A new position or job classification with substantially different duties and requirements may be filled with other than an employee who was subject to a reduction in force if such new position is deemed necessary or desirable to carrying out the District's program and mission. An employee who was subject to a reduction in force will be considered for such position in the same manner as other applicants as to qualifications and experience if application is made.

7.9 Discharge

When circumstances so warrant, an employee may be involuntarily discharged by the Library Director. The Library Director shall not discharge an employee without first consulting legal counsel and the District's liability insurer.

A letter of discharge stating the reason for same shall be given to the employee with a copy for the personnel file. Said notice shall be given to the employee fourteen days prior to the last day of work except for reasons warranting immediate dismissal. The employee shall be paid all wages and other compensation due before the close of the last day of work.

Immediate discharge may be made for the following reasons. These are only examples of causes and are not intended to limit the District's right to terminate immediately for serious misconduct, or when it is in the District's best interests.

1. Drinking of alcoholic beverages or other substance abuse while on duty;
2. Malicious destruction of District property;
3. Theft of District property;
4. Committing physical violence against a coworker or patron in an instance not deemed to be self-defense.
5. Intentional falsification of application for employment or of any District records.

An employee may be discharged for reasons of disability when the employee cannot perform the required duties because of physical or mental impairment. In such cases, said termination must be supported by medical evidence. Said termination shall be made only after all accrued sick and vacation leave have been used.

If an employee dies, all fringe benefits terminate on their date of death.

In an effort to improve job satisfaction and promote a productive and fulfilling working atmosphere, all employees who voluntarily end employment with the District shall be given an exit interview. The Library Director shall give this exit interview, which will be a paper interview that the employee may complete him/herself. If the Library Director is the departing employee, the exit interview shall be given by the President of the Board of Directors. All departing employees will undergo an exit process that will include information for the employee regarding his/her departure as well as a checklist for the employee's supervisor to assist with getting back District property and properly processing the departure.

The District shall maintain a job description for every separate classification of employee. The job description shall have a specification that includes a concise, descriptive title and a description of the duties and responsibilities of the classification. The job description may not include all of the duties to be performed and is not intended to replace detailed work assignments.

A job description in a classification may be amended as to specific responsibilities for a given employee, in order to define the terms of hire or change of duty and to place in employee's personnel file, so long as such responsibilities are among those of the classification in general.

9 Compensation

9.1 Wages

Employees shall be paid in accordance with the salary or hourly wage determined by their classification, according to the established pay schedule in Exhibit A: Salary Schedule, and in no case less than the applicable minimum wage law requires.

Job classification salary schedules provide for step increases in grade, for which an employee is eligible on each annual anniversary following successful completion of the trial period. Such step increases are not automatic, but are granted as a proper recognition for exceptional job performance and growth, as determined by the Library Director, provided that funds are available.

9.6 Pay Transparency

The District will not discharge or in any other manner discriminate against employees or applicants because they have inquired about, discussed, or disclosed their own pay or the pay of another employee or applicant. However, employees who have access to the compensation information of other employees or applicants as a part of their essential job functions cannot disclose the pay of other employees or applicants to individuals who do not otherwise have access to compensation information, unless the disclosure is (a) in response to a formal complaint or charge, (b) in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or (c) consistent with the District's legal duty to furnish information, including public records requests.

Any Board resolution which alters the benefit compensation package shall be made known in writing to affected employees within thirty days of such action.

A benefit package is not a contractual right and may be altered at any time by the Board of Directors. Decisions affecting a package may be based on equity, change in benefit costs, and budget considerations.

Vacation time with pay is available to eligible employees to provide opportunities for rest, relaxation, and personal pursuits. During an employee's trial period (see 7.1), vacation leave shall accrue but not be granted. A full-time employee shall accrue vacation leave as follows:

- 1-5 years of service - 8 hours per month
- 6+ years of service - 10 hours per month

Accrual occurs during continuous service, which is service unbroken by separation as a District employee, except that time spent by an employee on military leave. Time spent on other types of authorized leave, except sick, vacation or emergency leave, shall not count as part of continuous service except that employees returning from such leave, or employees who were laid off, shall be entitled to credit for service prior to the leave. Vacation leave shall not accrue while an employee is on extended sick leave of over forty hours.

Employees may carryover up to eighty hours of vacation leave into a new fiscal year.

Accrued vacation upon termination or death after one full year of employment shall be paid for the last regular rate of the employee's pay on the date of termination or death. In the event of

10.8 Sick Leave

Upon employment, hourly employees shall accrue sick leave at a rate of 1 hour per 21.5 worked, rounded to the nearest quarter-hour. Salaried employees shall accrue eight sick leave hours per month, prorated based on a forty-hour workweek. Salaried employees shall receive their full sick leave accrual during any month in which they have payable hour. Sick leave shall accrue during earned vacation, holiday, and other paid leave. Sick leave accrual shall be limited to four hundred hours for employees who are regularly scheduled for twenty hours a week or more, and capped at eighty hours for employees who are regularly scheduled for fewer than twenty hours a week. Accrued sick leave shall not be compensated upon termination or death of an employee.

Employees may use sick leave when unable to perform their work duties due to illness or injury; pregnancy and childbirth; medical or dental care; mental health issues; handling issues of domestic violence, harassment, sexual assault, or stalking; or exposure to contagious disease that could be spread to the public or coworkers. Sick leave may also be used in the event of medical, dental, or mental health issues of an immediate family member, defined as spouse, parent, sibling, child, grandparent, parent-in-law, stepchild, or domestic partner.

Employees who will be absent from work for sick leave shall:

1. Notify their supervisor within at least one hour of the start of their workday when possible;
2. Specify the cause for their absence; and

11.3 Hazard Communication

These hazard communication procedures help assure that employees receive the information and training they need to work safely with hazardous chemicals found in the workplace. These procedures are the primary tool for providing hazard communications to our employees.

11.3.1 Right to Know Information Center

An employee "Right to Know" Information Center is located behind the upstairs circulation desk at Hood River Library. A copy of this policy, up-to-date Material Safety Data Sheets (MSDS), a current chemical inventory and container labels are maintained at this Center and are available for review.

11.3.2 Labeling Requirements

OR-OSHA defines a label as any written, printed, or graphic sign or symbol displayed on

containers of hazardous chemicals. These labels include the identity of the material, appropriate hazard warnings, and name and address of the chemical manufacturer, importer, or other responsible party. Proper labeling is essential to the success of this hazard communication program.

Employees receiving or accepting delivery of chemicals should check incoming chemical containers to make sure they are properly marked. Each container shall be examined when it is received to be sure the label is accurate and the container is in good condition. If found to be inadequately labeled or the container damaged, the District will attach its own label or return the damaged container.

Employees may not remove or deface a label on any chemical container. If a label is found defaced, the product container must be removed from use until the label is replaced with an approved one.

All hazardous chemical containers used by the District will clearly identify the chemical on the label and include appropriate hazard warning and the manufacturer's name and address.

No container will be released for use until this information is verified. The Safety Committee will ensure that all containers are labeled with a copy of the original manufacturer's label or a label that has the appropriate identification and hazard warning.

11.3.3 Material Safety Data Sheets (MSDS)

The District will obtain, keep on file, and have readily available for review by employees the most current MSDS on each hazardous chemical product used in the workplace. MSDS catalogs are kept behind the upstairs circulation desk at Hood River Library. The MSDSs are updated and managed by the Safety Committee. If a MSDS is not available for a hazardous chemical, immediately notify the chair of the Safety Committee.

MSDSs contain the following information:

- The product identity used on the label;
- The chemical and common name of all ingredients;
- Physical and chemical characteristics of the substance (such as vapor pressure, flash point);
- Physical hazards of the chemical(s), including the potential for fire, explosion and reactivity;
- Health hazards of the chemical(s), including signs and symptoms of exposure, and any medical conditions which are generally recognized as being aggravated by exposure to the chemical(s);
- Primary route of entry;
- The OSHA Permissible Exposure Limit (PEL), American Conference of Governmental Industrial Hygienists (ACGIH), Threshold Limit Value (TLV) and any other exposure limit used or recommended by the chemical manufacturer, distributor or other responsible party preparing the MSDS, where available;
- Whether the hazardous chemical(s) is listed in the National Toxicology Program (NTP) Annual

Report on Carcinogens (latest edition) or has been found to be a potential carcinogen in the International Agency for Research on Cancer (IARC) Monographs (latest editions), or by OSHA;

- Any precautions or control measures for safe handling and use that are known to the chemical manufacturer, including appropriate hygienic practices (such as personal protective equipment), protective measures during repair and maintenance or contaminated equipment, and procedures for cleanup of spills and leaks;
- Emergency and first aid procedures;
- Date the MSDS was prepared or the date of the last change to it;
- Name, address and telephone number of the party who prepared the MSDS, who can provide additional information on the chemical and appropriate emergency procedures, if necessary.

Additionally, the following requirements for MSDS should be followed.

- The information on the MSDS must accurately reflect the scientific evidence used in making the hazard determination.
- MSDSs must be provided with initial shipments and with the first shipment after a revision.
- Manufacturers and distributors must ensure that updated information is provided to the District in a timely manner.
- The District must maintain copies of the MSDS for each chemical product used in the workplace and ensure that these are accessible in the work area during each shift.
- Where employees must travel from one geographical location to another during a work shift, the MSDSs may be kept at a primary workplace.
- MSDSs must be made readily available to employees, their designated representatives, and OSHA.
- The MSDS may be kept in any form as long as it provides the required information and meets the accessibility requirement.

11.3.4 Training

New employees will attend a hazard communication class that covers the following topics:

- An overview of the requirements in OR-OSHA's hazard communication rules.
- Hazardous chemicals present in the workplace.
- The written Hazard Communication Plan and where it may be reviewed.
- Physical and health effects of the hazardous chemicals.
- Methods used to determine the presence or release of hazardous chemicals in the work area.
- How to reduce or prevent exposure to these hazardous chemicals through use of control/work practices and personal protective equipment.
- Steps taken to reduce or prevent exposure to these chemicals.
- Emergency procedures to follow if an employee is exposed to these chemicals.

- How to read labels and review MSDS.

After attending the training, each employee will sign a form verifying that they understand the above topics and how the topics are related to our Hazard Communication Plan.

11.3.5 Hazardous Non-Routine Tasks

Before employees perform non-routine tasks that may expose them to hazardous chemicals, they will be informed by their supervisor about the chemicals' hazards. The information will include:

- Specific chemical hazards
- Safe work practices necessary to control exposure
- What to do in case of an emergency
- Measures the District has taken to reduce the hazards, including ventilation, presence of another employee and emergency procedures.

11.3.6 Informing Contractors

It is the responsibility of the Library Director to provide contractors and their employees with the following information if they may be exposed to hazardous chemical in our workplace:

- A copy of this Hazard Communication Plan.
- The identity of the chemicals, how to review material safety data sheets, and an explanation of the container and pipe-labeling system.

This person will also obtain a MSDS for any hazardous chemical a contractor brings into the workplace.

11.4 Controlled Substances

Pursuant to the Drug Free Workplace Act of 1988, the District is responsible to provide safe environments for employees and the public, unencumbered by performance-impairing substances. Misuse of such substances can impair employee health and performance, and may jeopardize employee and public safety. Employees shall not report to work if they are impaired by controlled substances, including medical prescriptions. It is the employee's responsibility to determine with a medical professional if a prescription could affect job performance and to inform their supervisor accordingly. Employees also are expected to report facts and circumstances of controlled substance convictions to their supervisor no later than five days after conviction.

Use of alcohol, marijuana, medical prescriptions, or other legal controlled substances off-duty is not controlled by this policy, unless such use affects the employees' performance of their required job duties.

11.4.1 Tobacco/smoke free workplace

The District supports a tobacco and smoke-free workplace. Employees are expected to refrain from smoking or using tobacco products while on duty. Employees wishing to stop smoking or using tobacco products are encouraged to seek advice, information, and assistance

voluntarily from their supervisor, the Library Director, any Board member, or through the District's Employee Assistance Program (EAP).

11.4.2 Employee assistance

The District assists employees to overcome drug or alcohol related addiction through appropriate treatment. Proactive training and information about controlled substance use shall be provided by the District periodically. All District employees are encouraged to seek advice, information, and assistance voluntarily from their supervisor, the Library Director, any Board member, or through the District's EAP. Medical confidentiality will be maintained, consistent with this policy. An employee who seeks drug treatment voluntarily and not under adverse employment circumstances may use sick leave while attending treatment.

11.4.3 Testing

The District may ask employees to submit to controlled substance tests to ensure safety. Such tests may include blood, urine, breath, or other methods deemed scientifically accurate. Employees shall sign a form consenting to such tests before they are given.

All employees are subject to the following controlled substance testing:

- *Post-accident:* Employees shall be tested in the event of a motor vehicle accident either with a District-owned vehicle or a personal vehicle used to conduct District business if the accident involved loss of human life, injury requiring medical treatment, disabling damage incurred to a vehicle, or receipt of a citation for a moving violation arising from the accident.
- *Reasonable suspicion:* A supervisor may order a test if they have reasonable suspicion that an employee is under the influence of alcohol, marijuana, or a controlled substance while on the job and such impairment poses a danger to the public or other employees.

An employee whose position is considered "safety sensitive" may also be asked to submit to pre-employment or random drug testing or return-to-duty drug testing following an incident prohibited by this policy. The dates for random tests will not be announced and will be spread throughout the calendar year.

Tests shall be given by certified individuals who document chain of evidence and respect employees' privacy. Positive results may only be disclosed to the employee, the appropriate EAP administrator, the appropriate District management officials, or a court of law or administrative tribunal in any adverse personnel action. Any other disclosures require written consent of the employee, court order, or otherwise as permitted by law. Positive test results shall require a confirmatory test from the same sample using a different testing method.

Employees who refuse to submit to testing or who test positive shall be subject to discipline up to and including dismissal. Employees may request a representative to witness the test, but absence of a representative shall not be considered grounds for refusal to consent.

The employee shall be notified of all test results conducted pursuant to this policy. Employees who test positive shall be afforded an opportunity to provide medical or other information that may explain the result. If a question exists, the available information will be reviewed by a

licensed physician with training in forensic drug testing. Following a positive result, employees also may conduct independent tests at their own expense

11.4.4 Discipline

An employee may be subject to discipline from controlled substance abuse on the basis of any appropriate evidence including, but not limited to direct observation, evidence obtained from an arrest or criminal conviction, a verified positive test result, or an employee's voluntary admission. In such a case, the employee may be subject to discipline up to and including immediate dismissal.

As part of the discipline arising from impairment by controlled substances while on the job, an employee may be directed to consult with health care providers, utilize the District's EAP, or participate in a treatment program as a condition of continued employment. When an employee is required to undergo treatment under the policy, the employee may be required to authorize District monitoring of the employee's participation and/or submission to random controlled substance testing for a specific period of time not to exceed thirty-six months. When an employee voluntarily enters a treatment program, which is not associated with District intervention, testing and monitoring by the District will not be required. Medical confidentiality shall be preserved, subject to rights granted by the employee to the District and applicable medical privacy laws.

11.7 Suspected Elder Abuse Reporting Policy

11.7.1 Purpose

Oregon law mandates that workers in certain positions must report to the appropriate authorities if they have reasonable cause to suspect elder abuse or neglect. These people are called mandatory reporters. Employees of the District, as defined under ORS 124.050, are obligated to report suspected abuse while in the performance of their official duties.

11.7.2 Definitions

Oregon law recognizes these types of elder abuse:

- Physical abuse;
- Neglect;
- Self neglect;
- Abandonment;
- Verbal or emotional abuse;
- Financial exploitation;
- Sexual abuse;
- Involuntary seclusion;
- Wrongful restraint.

An elder or elderly person is any person 65 years of age or older with whom an employee comes in contact while acting in an official capacity. Mandatory reporting requirements also extend to any resident in a long-term care facility with whom an employee comes in contact while acting in an official capacity.

11.7.3 Reporting Procedure

Any employee who has reasonable cause to believe that an elderly person or resident of a long-term care facility has been abused or who comes into contact with someone suspected of abusing an elderly person or resident of a long-term care facility shall immediately notify the Oregon Department of Human Services or the Hood River County Sheriff. The employee shall then immediately inform the Library Director.

A written record of the abuse report shall be made by the employee suspecting elder abuse. The report must contain, if known, the following information:

- The names and addresses of the elderly person or resident and any person responsible for his/her care;
- The nature and extent of abuse (including any evidence of previous abuse);
- The explanation given for the abuse;
- Any information the employee believes may be helpful in establishing the cause of the abuse or the perpetrator's identity.

All District volunteers significantly involved in the delivery of services to elderly persons or residents of long-term care facilities are also subject to this policy, even though they are not mandatory reporters under the law. A volunteer who suspects elder abuse is to report the situation to the Library Director. The Library Director will then immediately notify the Oregon Department of Human Services or the Hood River County Sheriff.

11.7.4 Immunity of Persons Reporting in Good Faith

Anyone reporting in good faith and who has reasonable grounds for making the report shall have immunity from any liability, civil or criminal, that might otherwise be incurred or imposed with respect to the making or content of such report. Any such participant shall have the same immunity with respect to participating in any judicial proceeding resulting from such report.

11.7.5 Failure to Comply

Any District employee subject to this policy who fails to report suspected elder abuse as provided by this policy commits a violation punishable by law. Intentionally making a false report of elder abuse is also a violation of law. If an employee fails to report suspected elder abuse or fails to maintain confidentiality of records as required by this policy, s/he will be subject to discipline, up to and including termination.

11.7.6 Training

The District shall provide annual training for all District staff and volunteers subject to this policy. The training shall cover the prevention and identification of elder abuse and the obligations of District employees and volunteers to report suspected elder abuse.
